

Please find attached Our IFA (Issued for Approval) drawings.

Please note the following

1. Only General Arrangement, Marking plan and Assembly drawings are submitted with IFA pack.
2. Tekla BIM Model is submitted. You may markup on BIM and return the BIM model to us.
3. Please respond to all clouded items and queries marked on the drawings.
4. We do not issue IFC (Issued for construction drawings) unless we get a written approval for the drawings submitted.
5. You should not fabricate from IFA drawings.

When we issue drawings for construction (IFC) the following information will be submitted

1. General Arrangement and marking plan
2. Assembly drawings.
3. Single Part drawings.
4. Nc1 files for beams
5. dxf files for plates.
6. Material list
7. Assembly List
8. Part List
9. Bolt summary
10. Erection bolt list
11. Bridging List.

All dimensions to make parts are on part drawings. Please refer to part drawings if hole position dimensions are missing on assembly drawings.
